Guilt

INDEPENDENCE
Connecting with someone's
development stage
The real world
Believing in the person
Delay and acceleration
Autism misunderstood?
Good help
Respectfully supporting a person
Choosing your support system
Trust

How is the UK different to The Netherlands?

Young people shouldn't need to speak out, they should be
spoken with and listened to

Lack of self-worth
Understanding is the key to development
Strengths and weaknesses
How can we encourage people to ask
questions?
Being aware of the support you WANT
instead of what you are offered
OETI
Speed does not matter, getting to where
you want to go matters... but first you
need to know where you want to go

Past, present and future?

We need to search for what binds us and what separates us, what makes us
stronger and what weakens us, to what has happened over the past few
years and what will have to happen

Young people shouldn't need to speak out, they should be spoken with and listened to

Lack of self-esteem
Understanding is the key to development
Strengths and weaknesses
How can we encourage people to ask questions?
Being aware of the support you WANT makes you critical of the support you GET!
Speed does not matter, getting to where you want to go matters....but first you need to know WHERE you want to go.

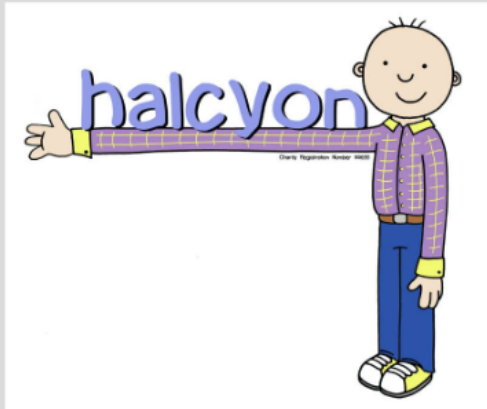

It shouldn't matter how slowly
a CHILD learns
as long as we are encouraging them
not to stop
